This permit is valid on the above location only for the period of:

DATE: September 12, 2019 – September 12, 2021

This permit shall be subject to the following conditions:

The Applicant and owner, by acceptance of and in consideration of the issuance of this permit, agrees to the following conditions:

GENERAL CONDITIONS: (SEE REVERSE SIDE OF PERMIT)

SPECIFIC CONDITIONS:

1. Locations and dimensions of proposed works must be as indicated on the enclosed copy of the work permit application dated September 11, 2019 and the associated information.

GENERAL CONDITIONS:

1. This permit does not preclude any approvals required by any other laws or regulations.
2. Temporary sediment & erosion control measures shall be installed around any disturbed and/or exposed ground or excavated material stockpiles, remain in place until the site has been suitably stabilized, and must be monitored regularly to ensure effectiveness. Remedial/Emergency measures must be taken at any sign of failure. This step is considered necessary to prevent the undesirable migration of silt.
3. The Conservation Authority should be contacted within 48 hours prior to the commencement of construction.
4. Authorized representatives of the Long Point Region Conservation Authority may at any time enter onto the lands which are described herein in order to make any surveys, examinations or inspections which are required for the purpose of insuring that the work(s) authorized by this permit are being carried out according to the terms of this permit.
5. It is the responsibility of the permittee to ensure the development is located within the extent of the property boundaries owned by the proponent.
6. This permit is not assignable.
7. The project shall be carried out generally as per the plans submitted in support of the application as they may be amended by conditions of this permit.
8. This approval does not guarantee the soundness of the proposed work and it is the responsibility of the permittee to monitor and maintain the construction activity to ensure the integrity of the work.
9. The applicant agrees to maintain all existing drainage patterns.
10. Any activity or development other than that identified in this permit application must be reviewed by the LPRCA; at which time, staff will determine if additional approvals or an amended permit will be required.
11. Permits are valid for two years. No notice will be issued on expiration of the permit and it is the responsibility of the permittee to ensure a valid permit is in effect at the time work is occurring.

GENERAL CONDITIONS OF PERMIT

1. This permit does not absolve the permittee of the responsibility of obtaining necessary permission from applicable federal and provincial agencies or local municipalities.
2. The permittee agrees by acceptance of the permit:
 - a) to indemnify and save harmless, the Long Point Region Conservation Authority and its officers, employees, or agents, from and against all damage, injury, loss, costs, claims, demands, actions and proceedings, arising out of or resulting from any act or omission of the permittee or of any of his agents, employees or contractors relating to any of the particular terms or conditions of this permit.
 - b) that this permit shall not release the permittee from any legal liability or obligation and remains in force subject to all limitations, requirements, requirements and liabilities imposed by law.
 - c) to provide certification of conformance to ensure compliance with the intent of the permit. This certification must be provided by an accredited professional and is to be submitted as may be specified in the permit.
3. Authorized representatives of the Long Point Region Conservation Authority will be granted entry at any time into lands and buildings which are the subject of this permit application in order to make such surveys, examinations, investigations, inspections or other arrangements which such representatives deem necessary.
4. The project shall be carried out generally as per the plans submitted in support of the application as they may be amended by conditions of this permit.
5. Any activity or development other than that identified in this permit application must be reviewed by the LPRCA; at which time, staff will determine if additional approvals or an amended permit will be required.
6. The Long Point Region Conservation Authority may cancel this permit or may change any of the conditions at any time and without prior notice if it is determined that:
 - a) the works are not in conformance with the intent of the permission granted;
 - b) the information presented to obtain a permit is false;
 - c) the works or method of construction has detrimental impacts on the environment.
7. Temporary sediment & erosion control measures shall be installed around any disturbed and/or exposed ground or excavated material stockpiles, remain in place until the site has been suitably stabilized, and must be monitored regularly to ensure effectiveness. Remedial/Emergency measures must be taken at any sign of failure.
8. The applicant agrees to maintain all existing drainage patterns except as expressly identified in this permit.
9. It is the responsibility of the permittee to ensure the development is located within the extent of the property boundaries owned by the proponent.
10. This approval does not guarantee the soundness of the proposed work and it is the responsibility of the permittee to monitor and maintain the construction activity to ensure the integrity of the work.
11. This permit shall not be assigned (non-transferable).
12. Permits are valid for two years. No notice will be issued on expiration of the permit and it is the responsibility of the permittee to ensure a valid permit is in effect at the time work is occurring.
13. The Conservation Authority should be contacted within 48 hours prior to the commencement of construction.
14. The Long Point Region Conservation Authority may make copies of Schedule A, as required, for the purposes of assessing the proposal and, where approved, to form part of the permit issued.
