## **REASONS FOR THIS SETBACK APPLICATION**

We wish to build a one-storey bungalow home with all the conveniences on that single level. It is of the utmost importance that we maximize our living space. We have three children and 2 granddaughters and having some space to continue to accommodate our family is a must! We are in our 60's and with the current "building envelope" after putting in our garage we would be left with about 600 square feet. – This is not suitable for our family home.

For this reason we submit the following:

Maximizing our living space while being able to have a two-car garage for parking is a priority. (This will take up approximately 500 square feet of the building envelope).

Health issues have plagued my wife over the last few years with her rheumatoid arthritis and last year a broken leg in 3 places with no weight bearing for 9 weeks, which completely restricted her to a single

floor. We found out very quickly how difficult it became attempting to move her up or downstairs in order to bath or shower. As a result of this we now know it's the only style of house that we could build as we age forward.

Having our family spend time with us is so important! We entertain regularly and our grandchild like to spend time and for this reason we need to have bedrooms to accommodate our guests.

This new envelope with the setbacks completed will fit nicely in this area – as it is a simple family home. Since we border two streets both Grace and Water and we are asking for no changes on the left side (between us and Part 3) on Water Street there is no direct impediment to any other addresses with the exception of the rear of the home.

The setback at the rear would in fact go to 4 meters distance between our home and the property line. The home directly behind us belongs to the people that severed and sold us this property. They have their driveway directly at this property line running in from Grace Street so the space is not suffocating either of us as far as rear yard goes for us and side yard (driveway) for them. We have spoken directly to them and they do not see any of this as an issue. They also currently own the rental property at Part 3 on drawing labelled #1.

Prior to beginning our planning we reached out to a number of people at Norfolk County to help give us guidance with respect to building in Norfolk County. Each of these individuals made you feel most welcome and was very gracious in the time spent with us.

Roxanne Koot provided us with information initially on the purchase of the property. Steven Collyer – Planner (now departed) directed us to draft up documents depicting what our wishes were for these setbacks. Shawn Lloyd – Road Department came by to view and make a recommendation with respect to what would be appropriate for a driveway (either Grace or Water). Alisha Cull provided helpful direction to the right people. Finally Colin Westerhof – Planner provided us with directions on the process for submitting our information to council for approval.
