To whom it may concern;

September 16, 2020

After an inspection of Michael Bergman's septic system and tile bed at 673 Windham Road 5, Norfolk County, it is my recommendation to extend the tile bed in an eastward direction to alleviate the issues that Mike is currently experiencing. To avoid possible contamination of the home's drinking water, I suggest it goes east far enough to create a safe buffer zone. Unfortunately, with this new tile bed proposal, it would need to be placed in the grassy area including some of the lawn which belongs to 679 Windham Road 5 as well, but west of the cedar trees on the property at 679.

If you should have any questions, please do not hesitate to contact me.

Thank you

Ken Gilbert
