

Committee of Adjustment Application to Planning Department

Complete Application

A complete development application consists of the following:

- A properly completed and signed application form (signature must be original in planners file);
- Supporting information adequate to illustrate your proposal as indicated in Section H of this application form (plans are required in paper copy and digital PDF format);
- Written authorization from all registered owners of the subject lands where the applicant is not the owner as per Section N; and,
- Cash, debit or cheque payable to Norfolk County in the amount set out in the user fees By-Law.

The above information is required to ensure that your application is given full consideration. An incomplete or improperly prepared application will not be accepted and may result in delays during the processing of the application. This application must be typed or printed in ink and completed in full.

Pre-Consultation

A pre-consultation meeting is not required for Committee of Adjustment applications; however, discussion with Planning Department staff prior to the submission of an application is strongly encouraged. The purpose of a pre-consultation meeting is to provide the applicant with an opportunity to present the proposed application, to discuss potential issues and to determine the required information and materials to be submitted with the application in order for it to be considered complete by staff. The applicant has the opportunity to make revisions to the application prior to submission, without the additional costs of recirculation fees. It may be appropriate to seek the assistance of independent professional help (for example a planning consultant or engineer) for complex applications.

Processing the Development Application

Once an application has been deemed complete by a planner, it will be circulated to public agencies and County departments for review and comments. Notice of the application is also provided to adjacent land owners. The comments received assist the planner with the review and recommendation/approval of your application. The time involved in processing an application varies depending upon its complexity and its acceptability to the other agencies.

An additional fee will be required if a review by the Long Point Region Conservation Authority or by the Grand River Conservation Authority is deemed necessary by planning staff and/or by the Authority. A separate cheque payable to the Long Point Region Conservation Authority or the Grand River Conservation Authority is required in accordance with their fee schedule at the same time your application is submitted.

Additional studies required as part of the complete application shall be at the sole expense of the applicant. It should also be noted that in some instances peer reviews may be necessary to review particular studies and that the cost shall be at the expense of the applicant. The company to complete the peer review shall be selected by the County.

If the application is withdrawn prior to the circulation to commenting agencies, the entire original fee will be refunded. If withdrawn after the circulation to agencies, half the original fee will be refunded. No refund is available after the public meeting and/or approval of application.

Notification Sign Requirements

Planning Department staff will post a notification sign on your property in advance of the public meeting. Please keep this sign posted until you have received a notice in the mail indicating that no appeals were filed.
