

Committee of Adjustment Application to Planning Department

Complete Application

A complete Committee of Adjustment application consists of the following:

1. A properly completed and signed application form (signature must on original version);
2. Supporting information adequate to illustrate your proposal as listed in **Section H** of this application form (plans are required in paper copy and digital PDF format);
3. Written authorization from all registered owners of the subject lands where the applicant is not the owner as per Section N; and,
4. Cash, debit or cheque payable to Norfolk County in the amount set out in the Norfolk County User Fees By-Law.

Planning application development fees are not required with the submission of your completed and signed development application. Your planning application fee will be determined by the planner when your application has been verified and deemed complete. Prepayments will not be accepted.

5. Completed applications are to be mailed to the attention of **Secretary Treasurer – Committee of Adjustment**: 185 Robinson Street, Suite 200, Simcoe, ON N3Y 5L6 or email your application committee.of.adjustment@norfolkcounty.ca. Make sure submissions are clearly labelled including address, name, and application type. Failure to do so may impact the timing of your application.

The above listed items are required to ensure that your application is given full consideration. An incomplete or improperly prepared application will not be accepted and may result in delays during the processing of the application. This application must be typed or printed in ink and completed in full.

Please review all of the important information summarised below.

Before your Application is Submitted

A pre-consultation meeting is not usually required for Committee of Adjustment applications; however, discussion with Planning Department staff prior to the submission of an application is **strongly encouraged**. The purpose of communicating with a planner **before** you submit your application is: to review your proposal / application, to discuss potential issues; and to determine the required supporting information and materials to be submitted with your application before it can be considered complete by staff. You might find it helpful to retain the services of an independent professional (such as a registered professional planner) to help you with your application. Information about the Official Plan and Zoning By-law can be found on the County website: www.norfolkcounty.ca/planning

After Your Application is Submitted

Once your payment has been received and the application submitted, in order for your application to be deemed complete all of the components noted above are required.

Incomplete applications will be identified and returned to the applicant. The *Planning Act* permits up to 30 days to review and deem an application complete.

Once your application has been deemed complete by the Planning Department, it is then circulated to public agencies and County departments for review and comment. A sign is also provided that is required to be posted on the subject lands that summarizes the application and identifies the committee meeting date. The comments received from members of the community will be included in the planning report and will inform any recommendations in relation to the application.

If the subject lands are located in an area that is regulated by either the Long Point Region Conservation Authority or by the Grand River Conservation Authority an additional fee will be required if review by the applicable agency is deemed necessary. A separate cheque payable to the Long Point Region Conservation Authority or the Grand River Conservation Authority is required in accordance with their fee schedule at the same time your application is submitted.

Additional studies required as part of the complete application shall be at the sole expense of the applicant. In some instances peer reviews may be necessary to review particular studies and that the cost shall be at the expense of the applicant. The company to complete the peer review shall be selected by the County.

If the application is withdrawn prior to the circulation to commenting agencies, the entire original fee will be refunded. If withdrawn after the circulation to agencies, half the original fee will be refunded. No refund is available after the public meeting and/or approval of application.

Notification Sign Requirements

Planning Department staff may post a notification sign on your property in advance of the public meeting on your behalf. Please keep this sign posted until you have received a notice in the mail indicating that the Secretary Treasurer received no appeals. However, it is the applicant's responsibility to ensure that the sign is correctly posted within the statutory timeframes, according to the *Planning Act*. Failure to post a sign in advance of the public meeting in accordance with statutory requirements will impact the timing of your application at the Committee of Adjustment meeting. Applicants are responsible for removal of the sign following the appeal period. The signs are recyclable and can be placed in your blue box.

Planning Justification Report

Surplus farm dwelling consent application

686 Goshen Road

Wednesday, June 10, 2026

Planning Justification Report for 686 Goshen Road, Norfolk County

1.0 INTRODUCTION

Kayla DeLeye Development Planning (“Agent”) has been retained by Vanmeer Farms (“owner”) to assist in obtaining a surplus farm dwelling consent application for 686 Goshen Road, Norfolk County, legally described as Middleton Township CON 2 NTR PT LOT 12. The consent application is required as the existing dwelling is surplus to the owner’s needs, and they wish to sever it from their farm as a surplus farm dwelling severance.

This report aims to provide details and justification regarding the surplus farm dwelling severance and provide an overview of the planning merits associated with this planning application.

2.0 SUBJECT LANDS DESCRIPTION

The subject lands (known as Roll # 54101030500) are approximately 20.82 hectares (51.44 acres) and have frontage along Goshen Road and Hawley Road in the geographic township of Middleton, approximately 2.7 kms south of Norfolk North. The subject lands contain one (1) single detached dwelling and several small accessory residential buildings. The surrounding lands include agricultural and residential uses. The subject lands are classified as prime agricultural lands and are comprised of Class 1 through 6 soils. The lands to be severed as a surplus farm dwelling severance are Class 5 soils. See the property location shown on Map 1 below.

Map 1: Location of Subject Lands

The dwelling addressed at 686 Goshen Road is proposed to be severed through a farm dwelling severance. The proposed new rural residential lot would measure 63.36 metres (207.9 ft) by 88.37 metres (289.9 ft) and have an area of 0.56 ha (1.39 acres).

The proposed severed lands would be sized appropriately to accommodate an existing septic tank and septic tile bed. There is also enough space to accommodate an existing private well for water supply.

The dwelling is serviced by an existing driveway which would remain unchanged. Map 2 below outlines the proposed surplus farm dwelling severance.

Map 2: Proposed Severed Lands

Official Plan Designation & Zoning By-law Provisions

The subject lands are designated Agricultural and Hazard lands in the Norfolk County Official Plan (NCOP) and zoned Agricultural (A), and Hazard lands (HL) in the Norfolk County Zoning By-law 1-Z-2014 (NCZB) as shown below in Map 3 below.

Map 3: Farm Parcel with Official Plan Designation and Zoning

3.0 PROPOSED DEVELOPMENT

The owners are proposing a surplus farm dwelling severance.

Map 4 & 5: Survey Sketch of the Proposed Severed Lands

The subject lands consist of an area of 0.56 ha (1.39 acres). The retained farm parcel would maintain an area of approximately 20.05 hectares (49.54 acres).

4.0 LAND USE PLANNING POLICY FRAMEWORK & ANALYSIS

The surplus farm dwelling severance is reviewed under several policy and regulatory documents including:

- 1 – Provincial Planning Statement, 2024;
- 2 – Norfolk County Official Plan; and

3 – Norfolk County Zoning By-law 1-Z-2014.

A detailed land use planning policy framework and analysis is included below.

4.1 PROVINCIAL PLANNING STATEMENT, 2024 FRAMEWORK & ANALYSIS

The Provincial Planning Statement (PPS) is a consolidated statement of the government's interests and policies on land use planning in Ontario. It provides provincial policy direction for appropriate development and includes key land use planning issues that affect communities, such as building strong and healthy communities, the wise use and management of resources, and the protection of public health and safety. The PPS supports improved land use planning and management, which contributes to a more effective and efficient land use planning system.

The PPS is issued under section 3 of the Planning Act, and according to the Act, all decisions affecting planning matters shall be consistent with the PPS. Municipalities are the primary decision-makers for local communities. They implement provincial policies through municipal official plans, zoning by-laws and planning-related decisions.

As per section 4.3.1 of the PPS, prime agricultural areas shall be protected for long-term use for agriculture. Prime agricultural areas are areas where prime agricultural lands predominate and includes Canada Land Inventory Class 1, 2, and 3 lands, and any associated Class 4 through 7 lands within the prime agricultural area.

As per section 4.3.2 of the PPS, in prime agricultural areas, agricultural uses (including farm buildings and a residence) are permitted. Furthermore, all types, sizes and intensities of agricultural uses and normal farm practices shall be promoted and protected, and the creation of new lots shall comply with the minimum distance separation (MDS) formula.

The subject lands are considered prime agricultural lands in the PPS. "Prime agricultural lands" are defined in the PPS as "specialty crop areas and/or Canada Land Inventory Class 1, 2, and 3 lands, as amended from time to time, in this order of priority for protection." The lands are also part of a "prime agricultural area", which is defined as "areas where prime agricultural lands predominate. This includes areas of prime agricultural lands and associated Canada Land Inventory Class 4 through 7 lands, and additional areas where there is a local concentration of farms which exhibit characteristics of ongoing agriculture. Prime agricultural areas may be identified by a planning authority based on provincial guidance or informed by mapping obtained from the Ontario Ministry of Agriculture, Food and Agribusiness and the Ontario Ministry of Rural Affairs or any successor to those ministries."

Policy 4.3.3.1 of the PPS states, "Lot creation in prime agricultural areas is discouraged and may only be permitted for:

- a) agricultural uses, provided that the lots are of a size appropriate for the type of agricultural use(s) common in the area and are sufficiently large to maintain flexibility for future changes in the type or size of agricultural operations;
- b) agriculture-related uses, provided that any new lot will be limited to a minimum size needed to accommodate the use and appropriate sewage and water services;
- c) **one new residential lot per farm consolidation for a residence surplus to an agricultural operation, provided that:**
 - 1. **the new lot will be limited to a minimum size needed to accommodate the use and appropriate sewage and water services; and**
 - 2. **the planning authority ensures that new dwellings and additional residential units are prohibited on any remnant parcel of farmland created by the severance. The approach used to ensure that no new dwellings or additional residential units are permitted on the remnant parcel may be recommended by the Province, or based on municipal approaches that achieve the same objective; and**
- d) infrastructure, where the facility or corridor cannot be accommodated through the use of easements or rights-of-way.”

The owner has applied for a surplus farm dwelling severance in accordance with Policy 4.3.3.1. c).

The proposed new lot will be limited to a minimum lot size 0.56 ha (1.39 acres) to accommodate the use and appropriate private sewage (septic system) and water services (private well).

The 2024 PPS permits the severance of one (1) new residential lot per farm consolidation. The subject lands contain one (1) single detached dwelling. Once the proposed farm dwelling severance is complete, the retained lands will be rezoned to prohibit a single detached use on the retained farm.

The proposed farm dwelling severance is proposing the severance of a dwelling that is surplus to the owner’s needs. The owner owns a second farm within Norfolk County (684 1st Concession STR, Courtland Ontario N0J 1E0) also registered to Vanmeer Farms that the retained farm will consolidate to. A certificate of ownership along with the articles of incorporation have been included in the submission of this application.

It is my professional opinion that the proposed surplus farm dwelling severance is consistent with policy 4.3.3.1 c of the PPS.

4.2 NORFOLK COUNTY OFFICIAL PLAN FRAMEWORK & ANALYSIS

The Norfolk County Official Plan (NCOP) is the local municipal planning policy which describes how land in Norfolk County should be used. It is prepared with input from the community and helps manage growth and development within the County until 2036. The NCOP provides a policy framework to guide economic, environmental and social decisions that have implications for the use of land.

The purpose of the NCOP is to provide an overall policy framework establishing clear development principles and policies including land use designations to:

- promote orderly growth and development;
- provide guidance to Council;
- ensure the financial sustainability of the County;
- establish goals and objectives to provide appropriate services;
- respond to population and economic change;
- implement monitoring, review and updates to policy as per new provincial interests; and
- assist in co-ordinating and integrating planning activities with cross-jurisdictional implications including:
 - ecosystem,
 - shoreline and watershed planning;
 - natural heritage planning;
 - management of resources;
 - transportation and infrastructure planning;
 - regional economic development;
 - cultural heritage planning,
 - air and water quality monitoring; and
 - waste management.

All the subject lands are designated “Agricultural” and “Hazard Lands” in the NCOP. The proposed severance is over 350 metres from the Hazard lands, therefore a policy analysis of the Hazard Lands designation will not be included in this report.

Section 7.2 of the OP dictates the policies of the Agricultural designation. The retained farmlands will continue to be used for agricultural purposes including the farming of crops.

Section 7.2.3 of the Norfolk County Official Plan contains policies around agricultural lot creation and lot adjustment.

Consent to sever land may be considered for the following purposes:

a) Consent to sever land may be considered for the following purposes:

- i) the assembly or disassembly of agricultural lots for agriculture uses including agriculturally related boundary adjustments which do not result in the creation of a new lot, subject to the policies of Section 7.2.4 (Agricultural Designation - Agricultural Lot Size Policies);
- ii) agriculture-related commercial and industrial uses in accordance with the policies of Section 7.2.2(Agricultural Designation – Land Use Policies);
- iii) agriculture-related commercial, institutional and industrial uses existing prior to August 24, 1978, provided the retained parcel of land is not considered a vacant lot, and subject to the policies of this Plan;

iv) infrastructure and utilities, where the facility or corridor cannot be accommodated through the use of easements or rights-of-way;

v) a currently habitable farm dwelling surplus to a farming operation as a result of the consolidation of farm properties located within Norfolk County and adjacent municipalities, subject to the policies of Sections 7.2.3(b) and (c);

vi) technical reasons including minor boundary adjustments, corrections of deeds, quit claims, easements or rights-of-way, or other purposes that do not create an additional separate lot, and which do not change the lot configuration such that a non-agricultural lot is created which would not be in conformity with the policies of this Plan.

A full analysis of Section 7.2.3 b), and c) are provided in the following chart:

Policy	Conformity?		Explanation
7.2.3. b) As a condition of the approval of a consent granted under Section 7.2.3 a) v), the County shall ensure that the land is zoned in the Zoning By-law such that no new residential dwelling shall be permitted on the retained agricultural lot. No consent shall be granted unless it is demonstrated that the severed lot will not adversely affect the operation or viability of the farm operation on the retained lot or any adjacent land.		Yes	The subject lands contain one (1) single detached dwelling. Once the proposed farm dwelling severance is complete, the retained farmlands will be rezoned to prohibit a single detached use. The proposed severed lot is arranged in a manner to have minimal effect on the retained farm parcel. The surplus lot is aligned with other adjacent rural residential lots.
c) Further to Sections 7.2.3(b), a consent to sever a currently habitable dwelling shall be subject to the following criteria:			
i) the habitable dwelling shall be at least 10 years old at the date of application for a severance;		Yes.	The existing surplus farm dwelling was constructed 20+ years ago.
ii) the severed lot shall be of an appropriate size for the intended residential use, which shall be determined in the Zoning By-law, and shall minimize the amount of		Yes	The proposed new lot will be limited to a minimum lot size area of 0.56 ha (1.39 acres) to accommodate the use and appropriate private sewage (septic system) and water services (private well).

agricultural land removed from active production;			
iii) the severed lot shall be serviced by approved water supply and wastewater treatment facilities to be situated on the lot to be created;		Yes	The surplus farm dwelling is serviced by an appropriate private sewage (septic system) and water services (private well).
iv) subject to the appropriate policies of this Plan, the severed lot shall be an appropriate distance from existing pits and quarries, waste disposal sites, and other potential land use conflicts;		Yes	The proposed new lot is not near any local quarries.
v) both the severed and retained lots shall be situated with frontage and safe and direct separate access onto a permanently maintained public road. Preference shall be given to locations on roads other than Provincial Highways or arterial roads;		Yes	The proposed new lot will have access onto Goshen Road. The retained farm will continue to have access onto Hawley Road.
vi) potential impacts of the consent on cultural heritage resources shall be assessed and mitigated where necessary;		Yes	No impacts are created to any cultural heritage resources as a result of the proposed surplus farm dwelling severance.
vii) the severed lot shall comply with the minimum distance separation formulae;		Yes	There are no livestock operations within 500+ metres of the proposed surplus farm dwelling severance. No MDS issues are created through the creation of the new lot.
viii) the severed lot shall not be permitted within Provincially Significant Features. Consents adjacent to Provincially Significant Features, or within or adjacent to Natural Heritage Features, shall be supported by an EIS, prepared in accordance with the policies of Section 9.7.1 (Environmental Impact Study).		Yes	There are no Provincially Significant Features near the proposed severance. No EIS is required.

ix) Severances to separate Accessory Residential Dwellings from the farm property will not be permitted. [3-OP-2020, Amendment 124]		Yes	No ARUs are proposed to be severed as part of this consent application.
---	--	-----	---

The proposed surplus farm dwelling severance is in conformity to the Norfolk County Official Plan.

4.3 NORFOLK COUNTY ZONING BY-LAW, 1-Z-2014 FRAMEWORK & ANALYSIS

The Norfolk County Zoning By-law 1-Z-2014 (NCZB) is a regulatory document that controls the land in Norfolk County in terms of compatibility, character and appearance, and implements the NCOP. The NCZB identifies that no land, building or structures shall be used, erected, altered or occupied except in conformity with the provisions of the NCZB.

The current zoning of the subject lands is Agricultural (A) and Hazard Lands (HL) in the NCZB. The proposed surplus severance is over 350 metres from the Hazard lands, therefore a policy analysis of the Hazard Lands zone will not be included in this report.

The following provisions apply to the Agricultural (A) Zone:

Provision	Requirement	Provided	Comment
Minimum lot area	40 ha (98.84 ac)	(Retained): 20.05 hectares (Severed) 0.56 hectares	Retained lands : do not comply, Severed lands: Complies
Minimum lot frontage	30 m (98.4 ft)	Retained: 30+ m Severed: 63.36 m	Complies
Minimum front yard	13 m (42.65 ft)	14.15 m	Complies
Minimum exterior side yard	13 m (42.65 ft)	17.85 m	Complies
Minimum interior side yard	3 m (9.84 ft)	>3 m	Complies
Minimum rear yard	9 m (29.53 ft)	64.86 m	Complies
Minimum separation between a farm processing facility and a dwelling on an adjacent lot	30 m (98.4 ft)	n/a	n/a
Maximum building height	11 m (36.10 ft)	8 m	Complies

Maximum size accessory to residential building	200 sq m.	320.6 sq.m	Does not comply
--	-----------	------------	-----------------

The subject application will require a minor variance for the oversized accessory to a residential use within an Agricultural zone with the Norfolk County Zoning By-Law.

Note on undersized farm parcel

The applicant is seeking to sever the existing dwelling as a surplus farm dwelling severance. When they do, it will decrease the size of the already deficient farm parcel from 20.61 hectares to 20.05 hectares. This change will not substantially affect the overall operation of the farm parcel and is only required as a result of the surplus farm dwelling severance. The request is considered minor and represents good planning as it simply fixes a minor deficiency to an already deficient farm parcel size.

Note on oversized accessory to a residential structure

The applicant is seeking to sever the existing single detached dwelling and the existing accessory structure as a surplus farm dwelling severance. When they do, the existing accessory structure goes from being a farm building to an accessory structure to a residential use. The maximum size an accessory structure to a residential use is permitted to be is 200 sq m. The existing accessory structure is 320.6 sq m. Due to the proximity of the structure to the residential dwelling, and the layout of the proposed rural residential property, it is appropriate for the accessory structure to be severed off along with the single detached dwelling. The accessory structure will only be used for personal storage purposes. The proposal represents good planning as the building can be repurposed and will fit in with the character of the overall community.

5. CONCLUSION

It is my professional opinion that this planning application for a surplus farm dwelling severance represents good planning and should be approved as the planning justification has confirmed:

1. Consistency with the *Provincial Planning Statement*;
2. Conformity to the *Norfolk County Official Plan*;
3. Conformity to the *Norfolk County Zoning By-law*;
4. The applicant apply for a minor rezoning as a condition of approval to seek relief for a 320.6 sq m accessory to residential building, and for the undersized retained farmlands.

The agent looks forward to the expeditious processing of the subject application. Please do not hesitate to contact the undersigned should you have any questions related to this application.

I am

- ☐ (a) A person in trust for whom the land conveyed in the above-described conveyance is being conveyed;
- ☐ (b) A trustee named in the above-described conveyance to whom the land is being conveyed;
- ☐ (c) A transferee named in the above-described conveyance;
- ☐ (d) The authorized agent or solicitor acting in this transaction for _____ described in paragraph(s) () above.
- ☒ (e) The President, Vice-President, Manager, Secretary, Director, or Treasurer authorized to act for VANMEER FARMS INC. described in paragraph(s) (C) above.
- ☐ (f) A transferee described in paragraph () and am making these statements on my own behalf and on behalf of _____ who is my spouse described in paragraph () and as such, I have personal knowledge of the facts herein deposed to.

2. I have read and considered the definition of "single family residence" set out in subsection 1(1) of the Act. The land being conveyed herein:

contains at least one and not more than two single family residences and the lands are used for other than just residential purposes. The transferee has accordingly apportioned the value of consideration on the basis that the consideration for the single family residence is 700000 and the remainder of the lands are used for farming purposes.

3. The total consideration for this transaction is allocated as follows:

(a) Monies paid or to be paid in cash	\$1,264,000.00
(b) Mortgages (i) assumed (show principal and interest to be credited against purchase price)	\$0.00
(ii) Given Back to Vendor	\$0.00
(c) Property transferred in exchange (detail below)	\$0.00
(d) Fair market value of the land(s)	\$0.00
(e) Liens, legacies, annuities and maintenance charges to which transfer is subject	\$0.00

(i) Other considerations for transaction not included in (g) or (h) above	\$0.00
(j) Total consideration	\$1,264,000.00

6. Other remarks and explanations, if necessary.

1. The transferee(s) has considered the definition of "newly constructed home", "permanent resident of Canada", "purchaser", "qualifying home", and "eligible home" as set out in section 9.2 of the Land Transfer Tax Act and declares one of the following statements:

2. (a) The transferee(s) DOES NOT qualify for a refund on the purchase of a qualifying home pursuant to section 9.2 of the Land Transfer Tax Act

3. The information prescribed for the purposes of section 5.0.1 of the Land Transfer Tax Act is required to be provided for this conveyance. The information has been provided as confirmed by A3149369.

4. The transferee(s) has read and considered the definitions of "designated land", "foreign corporation", "foreign entity", "foreign national", "Greater Golden Horseshoe Region", "specified region", "spouse" and "taxable trustee" as set out in subsection 1(1) of the Land Transfer Tax Act and O. Reg 182/17. The transferee(s) declare that this conveyance is not subject to additional tax as set out in subsection 2(2.1) of the Act because:

5. (c) The transferee(s) is not a "foreign entity" or a "taxable trustee".

6. The transferee(s) declare that they will keep at their place of residence in Ontario (or at their principal place of business in Ontario) such documents, records and accounts in such form and containing such information as will enable an accurate determination of the taxes payable under the Land Transfer Tax Act for a period of at least seven years.

7. The transferee(s) agree that they or the designated custodian will provide such documents, records and accounts in such form and containing such information as will enable an accurate determination of the taxes payable under the Land Transfer Tax Act, to the Ministry of Finance upon request.

8. I acknowledge that the personal information collected in the provincial land transfer tax statements provided in this conveyance is being collected by the Ministry of Finance under the authority of the Land Transfer Tax Act, R.S.O. 1990, c. L.6, as amended ("the Act"), and that the personal information may be used for purposes of the administration or enforcement of the Act, other tax statutes, and for purposes of compiling statistical information and of developing and evaluating economic, tax and fiscal policy. (Note: Personal information collected under section 5.0.1 of the Act that accompanies this conveyance can be used only to administer and enforce the Act.
